- Safe Sitter Thank You
- It's About How You Live

Rebecca Nelson
CEO

We are deeply grateful for your support

On behalf of our Community Nurses staff and board members, as well as the many individuals who benefit from our services, I want to thank each person, organization and foundation for your tremendous generosity to our agency this past year.

As you know, Community Nurses is a non-profit home care agency. Your ongoing memorial donations and financial support make possible the continuation of needed home health services in the homes of our patients and the development of new programs such as Senior Outreach. These services

and programs make a tremendous difference in the lives of our residents, everyday.

Grant funding from the Harrison and Muriel Dauer Stackpole Family Fund, the A.J. and Sigismunda Charitable Trust, and Women Who Care, along with donations from many community organizations and individuals have made a huge impact on our ability to deliver quality health care programs to our communities.

To each and every one of you, we offer our heartfelt appreciation. We are truly blessed to live and work in such generous and caring communities.

Sincerely,
Rebecca Nelson, CEO

Adult Day keeps families together

Kathryn Longhi and Linda Bankovich, L.P.N.,
Adult Day Coordinator

When your elderly parent or loved one can no longer stay at home alone --- when a caregiver is doing all he or she can to keep a loved one at home, but needs a trusted friend to care for their loved one during the day while they take a break or work --- that's when a phone call to Community

Nurses Adult Day Services could make the difference between nursing home or assisted living placement, or the opportunity to stay in the comfort of home longer. Adult Day is an affordable option for care where friends are made, days are meaningful, and families are kept intact. Call Linda at 781-8253 to discuss your needs or to arrange a time to stop by Adult Day and see what it's all about.

Community Nurses

Senior Outreach

Reaching Out To Meet Senior Needs

Isolated Seniors need to know someone cares

Senior Outreach is a new program to identify and make contact with isolated seniors who are facing challenges of aging that threaten their feeling of security, safety and well-being, made possible through a grant from the **A.J. and Sigismunda Palumbo Charitable Trust and your donations to our Senior Outreach Giving Campaign.**

The people Senior Outreach wants to help are often the hardest to identify. They are the elderly of the community who are alone in their homes, most of whom are unable to drive

or move about safely on their own, many with no relatives available to help them. They are isolated and lonely, and many are of an era that taught them not to ask for help.

Isolated seniors do not typically seek assistance. A service like Senior Outreach must be proactive about finding them through referrals from neighbors, relatives, landlords, businesses, and health professionals. These services are offered at no cost to the senior, and you can choose to remain anonymous when you contact us with a referral to Senior Outreach.

At the heart of Senior Outreach is *Telephone Reassurance* that offers regular phone calls for older adults who would like to, or need to, have someone to talk with on a regular basis. The program helps to create a social, supportive connection while providing the opportunity for the Community Nurses to monitor the general well-being of the person.

A trained volunteer or CNI staff member calls clients to check in with them on a weekly basis, or more often if needed. Issues or problems that are identified are addressed by the Senior Outreach program. Perhaps

they are forgetting to take needed medications. A reminder phone call can help solve this problem. One current client stated “knowing that someone cares just perks up my day.” Please let us know if you are aware of any seniors who could benefit from the Senior Outreach program.

Another special service, *Socialization Visits*, will begin soon. We are currently recruiting volunteers to make occasional visits to provide companionship to these seniors. They can play cards, watch television with them, or just chat for awhile. Are you or someone you know interested in volunteering? If you are reliable, caring, willing to obtain clearances, and able to give a minimal amount of time why not consider becoming a Senior Outreach volunteer? Call us at 781.4729 for more information.

We're proud to honor our area Veterans

A special Veteran's Day recognition ceremony was held at Pinecrest Manor for their residents who are military veterans. The ceremony concluded with the pinning of each Veteran with an American flag pin by Community Nurses Hospice staff and volunteers. Community Nurses has joined with area organizations to increase awareness of the end-of-life services and benefits available to Veterans, including the Medicare hospice benefit and VA-paid hospice care.

Karen Leithner, RN, Hospice Manager for Community Nurses, pins Pinecrest Manor resident and Veteran, Urban Kneidel, while his son Dave Kneidel, proudly observes.

Camp Flutterbye - a grief awareness camp for kids and teens

The feelings of young people are sometimes unintentionally overlooked when someone dies. Grief-stricken adults are dealing with their own feelings so the struggles that children are undergoing are easy to miss. Activities at Camp Flutterbye are designed to help these children so resulting issues do not occur later in life from unresolved grief.

The grief camp program addresses three general areas for these young people who have suffered a loss:

1. Helps them to recognize their feelings of grief
2. Shows them that they are normal and that others are experiencing similar feelings
3. Teaches them how to work through those feelings in positive ways

Thanks to a generous grant from **Women Who Care** the camp will be two days this year. The Pines facility is donated by the **Wolfe family** to help facilitate this community wellness program. If you know of any children from kindergarten through 12th grade who have lost a loved one, please be sure to register them for Camp Flutterbye 2012.

CAMP FLUTTERBYE 2012

Where:

The Pines in St. Marys

When:

Thursday, June 14 and
Friday, June 15

Time:

9 a.m. to 4 p.m.

Cost:

No charge

Register:

Call us at 781.4722

We can't do it without you. Please volunteer!

At Community Nurses, we are very proud of the services, programs and events that we offer in our communities. But we are the first to acknowledge that we can't do it without the help of **Volunteers!**

There are many special people in our communities who are always open to ways to give back and serve others. You may be one of them! Why not consider volunteering for Hospice, Senior Outreach, Camp Flutterbye, or our Used Book Sale for Hospice? Call to find out more information about any of these volunteer opportunities.

HOSPICE

Hospice volunteers are caring people just like you! Community Nurses hospice volunteers meet, and are genuinely helpful to many wonderful people. Hospice is about making sure those with a life-threatening illness are surrounded by love and support. Volunteers provide caregiver relief, patient companionship, help with chores, and provide supportive services for patients and families. Some provide clerical support to in the office. The personal rewards for a hospice volunteer are profound. Some give many hours, some give a few. Training and ongoing support are provided. Interested? Call or email us to have a packet sent to you with more information about volunteering for Hospice.

SENIOR OUTREACH

It's difficult to sit alone all day with no one to talk to. Senior Outreach volunteers help isolated seniors by making weekly or as-needed phone calls to reach out to them. Some of the seniors request visitors, someone to stop by and say hello and perhaps visit for awhile. Call us for more information!

USED BOOK SALE

Do you like books? Do you enjoy organizing? At our annual Used Book Sale for Hospice we gather 1000's of books, then sort and display them for the sale. Volunteers are needed for various hours over a 2-3 week period, both days and evenings. The sale will be held in either May or June this year. Can you help a little, or a lot? Call to join the CNI Book Brigade!

CAMP FLUTTERBYE

Our bereavement camp for children and teens is in need of assistance. Volunteers for this event need to have clearances or be willing to obtain them. We especially welcome teachers who would like to take these two days to help us guide children through this difficult time in their lives. The camp is scheduled at The Pines in St. Marys on Thursday, June 14 and Friday, June 15, 2012.

It's About How You Live

is a national community engagement campaign encouraging individuals to make informed decisions about end-of-life care and services. The Community Nurses are participating in this campaign with the assistance of a grant from the **Harrison and Muriel Dauer Stackpole Family Fund**.

The LIVE campaign encourages people to:

- Learn about options for end-of-life services and care
- Implement plans to ensure wishes are honored
- Voice decisions to family, friends and health care providers
- Engage in personal or community efforts to improve end-of-life care

First Step:

Fill out an advance directive. Go to one of the following websites and print the form: <http://www.elkregional.org/content/pats-vis/advance-directive> or www.communitynurses.org in the **Community Outreach** section, or pick one up in the lobby of Elk Regional Health Center.

Then...

- Talk to your family, close friends, and physician. Share your views on what medical treatment you want and don't want at the end of life, and give a copy of your advance directive to each of them.
- Be sure to store your advance directive in a secure, **but accessible** place. Do not store in a safe deposit box that others cannot access!

Safe Sitter

We gratefully recognize the St. Marys Rotary for their support of our Safe Sitter program each year! Safe Sitter provides the knowledge and tools to teach our young sitters how to safely watch over those in their care. Classes are held each summer.

In 2010, an estimated 1.58 million patients in America received services from hospice.

When treatments and tests and hospital stays are just not helping anymore, hospice care is full of help and hope. Patients and caregivers get a team of professional and caring experts to help them with their healthcare issues. A really bad illness wears everyone out, and all people want is to be at home—wherever that is: comfortable and with the people and things they love. Call Hospice; we're here to help! Considered the model for quality compassionate care for people facing a life-limiting illness, hospice provides expert medical care, pain management, and emotional and spiritual support expressly tailored to the patient's needs and wishes. Support is provided to the patient's loved ones as well. In most cases, care is provided in the patient's home but may also be provided in hospitals, nursing homes, and other long-term care facilities. Hospice services are available to patients with any terminal illness or of any age, religion or race.
